<p>* The study and examination regulations at DIT stipulate that you have 6 months to complete your master's thesis. The 6-month period starts with the registration of the master thesis in Primuss. If you are not able to complete the thesis within the 6 months, you can apply for an extension (Typically, an extension is granted for 1 month.) The deadline for your submission is displayed in Primuss after your supervisor has accepted your registration. If you miss this deadline, it will count as your first failed attempt. For all theses with a deadline before February 11, 2025, the defense can take place in March 2025. For all later thesis deadlines, the defense will take place in September 2025.</p>		
<p>** Please also check the academic calendar from USB to be sure. These deadlines are set by the USB.</p>
